1	The offender has violated the supervision condition which states ' Unlawful substance use '
---	--

On March 7, 2019, the offender submitted a urine sample that tested positive for oxycodone use. The offender acknowledged a friend shared a pill that he believed was Tylenol. He denied any knowledge of oxycodone use. On March 13, 2019, the NTL Laboratory confirmed the positive. He apologized for taking an unknown pill, advised it will not happen again, and denied a need for additional substance abuse treatment.

U.S. Probation Officer Action:

The offender has been verbally reprimanded for his noncompliance. The Court has been notified about the offender's substance use and failure to complete a residential re-entry center placement. Since then, he has successfully completed both inpatient and outpatient treatment and has been prescribed medication for his psychiatric needs. Since Knight has a limited support system and difficulty securing stable housing, he is receiving Second Chance Funding to reside at Urban Renewal in Newark. Our office will continue to monitor his full-time employment, activities and associations, housing placement, substance use and compliance with prescribed psychiatric medication with Trinitas Hospital. We will immediately notify the Court of any additional instances of non-compliance.

Respectfully submitted,
